

NETWORKING IS EASY!

Welcome to the future of hard drive storage. These days almost everybody has a computer network - not only at the office but also at home. The Freecom Network Drive provides one central location to store your data on, and access it from every computer in your network - or even via the internet. Easy to set-up, manage and use. Just the way you like it.

NETWORK DRIVE

EXTERNAL NETWORK HARD DRIVE / 3.5" / LAN / USB 2.0
WIN

Cost-effective, award winning hard drive storage

- Centralized network storage – add extra storage capacity to your network in seconds!
- Can also be used as fast, portable USB 2.0 external hard drive
- Recently awarded with the "Energy Tip" award by leading IT magazine Chip, for lowest power consumption compared to other NAS devices
- Easy configuration in your network via built-in configuration assistant
- Including LED capacity indicator
- Uses TCP/IP protocol, the communication standard for computer networks
- Data securely accessible from within and outside your network (via the internet)
- High quality, award-winning sleek design in heat absorbing aluminium enclosure
- Including award winning NTI Shadow backup software for PC and Mac, automatically & continuously protects your photo, music, video and other data files
- Two years manufacturer's warranty and unlimited free helpdesk support

Ideal for home and office use

Home use:

- Store all your spreadsheets, documents, presentations on one central location
- Data accessible for everyone in the office network or remote securely via internet
- Make a backup of all important business documents and files
- Share data between computers and networks

Office use:

- Store all your digital photo's, music, movies, games on one central location
- Access your data from any PC in your home network, and remote, securely via the internet
- Make a backup of all your important documents, music and video's

Stylish and cost-effective network storage solution

Computer networks these days are not limited to big offices with a lot of employees. More and more people at home or in small offices have a computer network. With the recent programmes, applications and data files becoming larger and larger, the need for additional storage space is more present than ever before!

Freecom offers you the perfect storage upgrade for your network, the new Network Drive. Simply connect the Network Drive to your router or switch, run the easy to use configuration wizard, and have instant access to the drive from any PC within your network. It can even be configured to be accessed via the internet, so your data is available for you from anywhere in the world, without your PC needed to be switched on!

The included configuration assistant will guide you to set up the drive and security options the way you want it.

For increased flexibility, you can also use the Network Drive as a standalone USB 2.0 hard drive, you can connect and access it to any PC.

Again Freecom has created a storage solution from a consumer's perspective, where convenience, design and quality are key factors. Free your mind !

NETWORK DRIVE

PRODUCT SPECIFICATIONS FREECOM NETWORK DRIVE:

CAPACITY: 250GB, 500GB, 750GB, 1TB

INTERFACE: LAN 10/100Mbps, USB 2.0

HARD DRIVE TYPE: 3.5" SATA, low noise, low power consumption

PERFORMANCE (INTERNAL DRIVE):

Average seek time: < 9 ms

Track to Track seek time: 0.8ms

Average Latency: 4.2 ms

Rotational Speed 7200 rpm

HARD DRIVE BUFFER SIZE: Min. 8MB

DATA TRANSFER RATE:

LAN: max. 100 Mbit/s (or max. 10 Mbit/s, dependant on network specification).

USB 2.0: max. 480 Mbit/s.

WEIGHT: 1150 gr. / 40.6 ounce

DIMENSIONS: 21.1 x 11.5 x 3.7 cm / 8.3 x 4.5 x 1.45 inch

MTBF: 50000 P.O.H.

ENVIRONMENTAL SPECIFICATIONS:

Operating temperature: 10° C / 35° C

Storage temperature: -20° C / 70° C

SUPPORTED OPERATING SYSTEMS:

Windows 2000, Windows XP, Windows Vista

Mac OS X v. 10.3 or higher

MINIMUM SYSTEM REQUIREMENTS:

PC: Intel Pentium-III or AMD 700MHz or higher, 256MB RAM, CD-ROM drive, available LAN (RJ45) port or USB 2.0 port, Windows 2000 / XP / Vista

MAC: iMac, iBook, Mac G3/G4/G5 or PowerBook G3/G4 or higher, available USB 2.0 or USB 1.1 port, OS X v. 10.3 or higher

PRODUCT AWARDS:

The Freecom Network Drive belongs to the award winning Freecom aluminium Hard Drive range (Hard Drive, Hard Drive Pro, DataTank, Mobile Drive).

NTI SHADOW - EASY TO USE BACKUP SOFTWARE FOR WINDOWS AND MAC COMPUTERS

NTI Shadow for PC and Mac is an easy-to-use backup application that automatically protects your photo, music, video, and various data files. It makes data restoration as easy as dragging and dropping files from one place to another. For real-time, continuous data backup, set Shadow to save your files/folders every time they change. You can also specify your backup schedule by the minute, hour, day, week and start time(s) and also choose a specific or even a customized file type with Shadow's new advanced file filtering.

Not only does Shadow allow users to automatically copy files from their PCs to various devices in real time, but it also preserves the files in their native format - meaning no additional software is necessary to restore files. Shadow works transparently in the background without disturbing you while you work, and does not take up important system resources.

PACKAGE INCLUDES:

- Freecom Network Drive 3.5" Hard Drive (FAT-32 pre formatted (Win/Mac))
- LAN connection cable
- USB connection cable
- Power Adapter
- Manual on CD
- Quick Install Guide
- Free unlimited helpdesk support
- Two years manufacturers warranty
