

Logitech Slim Combo case does not connect to iPad

If your Slim Combo case won't connect to your iPad Pro, check the following:

1. Make sure the iOS on your iPad Pro is updated to the latest version.
2. Disconnect the keyboard and then attempt to reconnect it to your iPad Pro. See [Connect and pair the Logitech Slim Combo keyboard to an iPad](#) for more information.
3. Make sure there's no dust around the Smart Connector.
4. Restart your iPad Pro.
