ROCK SAFELY

Enjoy your music responsibly. According to the American Speech-Language-Hearing Association, “listening to headphones at high volumes for extended periods of time can directly result in lifelong hearing loss”. At V-MODA, we are dedicated to providing an enjoyable listening experience, but we also care greatly about your personal health and safety. We recommend that you listen to your headphones at comfortable volume levels for reasonable periods of time.

How to enjoy your music responsibly.

- Turn down the volume. A good point of reference is half volume
- Limit listening time. Give your hearing a “time out”

Be aware of your surroundings. Do not use headphones during activities such as driving, bicycling or jogging while on public roads. Many states have laws prohibiting such actions. Obey local laws, be alert, and listen responsibly.

Caution around children. Keep out of reach of children, the parts included with this product can be a choking hazard. This product is not intended for children under 7 years of age.
WELCOME
Welcome to V-MODA, the music lifestyle. We sincerely hope you enjoy our headphones, the pinnacle of sound and quality design. With the essence of music at the foundation of all we do, we have precisely engineered our headphones to provide an enjoyable and natural sound signature, which invokes the sense of listening to your music live. Play Hard. Rock Harder.

   - Click button once to pause and again to resume playback
   - Click button twice quickly for next track
   - Click button three times quickly for previous track

2. During calls
   - Click button once to answer incoming call, click once to end call
   - Press and hold button down for about two seconds to decline an incoming call

Audio compatible with smartphones, tablets, iPhone®, iPad™, iPod®, portable gaming, computers and devices with a 3.5mm audio port. Visit V-MODA.com/SOUNDCHECK as functionality may vary.
Protecting Your Headphones

- Minimize exposure to moisture. Not intended for use while swimming, bathing or showering
- Use provided carrying case while idle
- Keep headphones clean and free of debris
- Do not pull on cable to disconnect plug from device
- Do not wrap cable around device while still plugged in as it puts unnecessary pressure on plug-cord connection

Cleaning Your Headphones
To keep your headphones clean, periodically wipe with a dry cloth.

Note on Static Electricity
In particularly dry air conditions, mild tingling may be felt on your ears. This is a result of static electricity accumulated in the body, and not a malfunction of the headphones. Wearing clothes made from natural materials can minimize the effect.
