3926TCDB Digital Controller Dehydrator

Features

- Contains 9 trays with 15 square feet of tray area.
- Built-in on/off switch.
- 7" fan
- 600 watts
- Adjustable thermostat
- 26 hour timer
- Unit Size: 12.5"H x 17"W x 19"D
- All units come with a clear door and black trays.

The Excalibur® Model 3926TCDB, 26-hour Dehydrator, comes with 9 Trays and a clear door so you can view progress without interrupting the drying process. The Model 3926TCDB comes complete with 8 square feet of drying space, 5" fan, adjustable thermostat 85˚F – 165˚F, Hyperwave™ Patented Technology, and Parallex® Horizontal Air Flow.

The Excalibur® Dehydrator removes water from food by a continuous circulation of thermostatically-controlled warm air. A variety of foods, from bright golden kernels of farm-fresh corn to rings of island-sweetened pineapple can be dehydrated. Slices of beef, chicken, fish or even venison can be easily dried into homemade jerky. A fruit puree dries into a vividly colored, taffy-like snack or fruit roll. Make soup mixes, herb and spice mixes, yogurt, arts & crafts … even all-natural pet treats. Operating cost for your Excalibur® Dehydrator is approximately 3 - 6 cents per hour. Using your dehydrator compared to traditional canning or freezing methods will prove to be well worth your initial low-cost investment.
