IMPORTANT SAFETY INSTRUCTIONS

READ ALL INSTRUCTIONS BEFORE USING YOUR CROSSWAVE™.

When using an electrical appliance, basic precautions should be observed, including the following:

⚠️ WARNING

TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY:

» Connect to a properly grounded outlet only. See grounding instructions. Do not modify the 3-prong grounded plug.
» Do not leave appliance when it is plugged in. Unplug from outlet when not in use and before servicing.
» Use indoors only.
» Do not allow to be used as a toy. Close attention is necessary when used by or near children.
» Do not use for any purpose other than described in this User’s Guide. Use only manufacturer’s recommended attachments.
» Do not use with damaged cord or plug. If appliance is not working as it should, or has been dropped, damaged, left outdoors, or dropped into water, have it repaired at an authorized service center.
» Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.
» Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
» Do not handle plug or appliance with wet hands.
» Do not put any object into openings. Do not use with any opening blocked; keep openings free of dust, lint, hair, and anything that may reduce air flow.
» Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
» Turn off all controls before plugging or unplugging appliance.
» Use extra care when cleaning on stairs.
» Do not use to pick up flammable or combustible materials (lighter fluid, gasoline, kerosene, etc.) or use in areas where they may be present.
» Do not use to pick up toxic material (chlorine bleach, ammonia, drain cleaner, etc.).
» Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
» Use only BISSELL cleaning products intended for use with this appliance to prevent internal component damage. See the Cleaning Fluid section of this guide.
» Do not immerse. Use only on surfaces moistened by the cleaning process.
» Keep appliance on a level surface.
» Do not carry the appliance while in use.
» Always install float before any wet pick-up operation.
» Do not immerse the appliance while in use.

SAVE THESE INSTRUCTIONS FOR FUTURE USE

This model is for household use only. Commercial use of this unit voids the manufacturer’s warranty.
Thanks for buying a BISSELL CrossWave™

We love to clean and we’re excited to share one of our innovative products with you. We want to make sure your multi-surface cleaner works as well in two years as it does today, so this guide has tips on using (pages 6-8), maintaining (pages 9-13), and if there is a problem, troubleshooting (page 14).

Your multi-surface cleaner needs a little assembly before you can put it to work, so flip to page 5 and let’s get started!

What’s In The Box?

Handle  Dual Action Multi-Surface Brush Roll  Storage Tray  Brush Roll Drying Tray  Multi-Surface Formula

NOTE: Standard accessories may vary by model. To identify what should be included with your purchase, please refer to the “Carton Contents” list located on the carton top flap.

Getting to Know Your CrossWave™

Your BISSELL CrossWave™ machine comes in three easy to assemble components and does not require any tools to assemble. The unit also comes with a two-piece Easy Clean Storage Tray.

1. Upper Handle
2. SmartClean Fingertip Controls
3. Float Stack
4. Easy Remove Brush Window
5. Integrated Carry Handle
6. Dirty Water Tank
7. Foot
8. Solution Spray Trigger
9. Quick Release Cord Wrap
10. Clean Water Tank
11. Lower Cord Wrap
12. Easy Clean Storage Tray

- Handle
- Body
- Clean Water Tank
- Storage Tray
- Brush Roll Drying Tray
Assembly

**WARNING**
Do not plug in your CrossWave™ until you are familiar with all instructions and operating procedures.

1. Insert handle into body of unit until you hear a click.

2. Then, on the back of the machine, align clean water tank with the grooves and slide tank into place until you hear a click.

3. Wrap the cord around the quick release cord wrap and the lower cord wrap.

4. The Easy Clean Storage Tray consists of a machine storage tray and a brush roll drying tray. To assemble the Easy Clean Storage Tray, align arrows on the storage tray with the arrows on the brush roll drying tray and slide into place.

**NOTE:** To easily unwrap the cord for use, just turn the quick release cord wrap downward to remove the cord from the cord wrap.

Cleaning Formulas

**WARNING**
To reduce the risk of fire and electric shock due to internal component damage, use only BISSELL cleaning fluids intended for use with the hard floor device.

Keep plenty of CrossWave™ formulas on hand so you can clean your hard floors and area rugs whenever it fits your schedule.

Always use CrossWave™ formulas in your machine. Other solutions may harm the machine and void the warranty.

Filling Your Clean Water Tank

1. The clean water tank is located on the back of the machine.

2. Lift the clean water tank straight up to remove from the machine.

3. Unscrew the cap from the clean water tank. The clean water tank has two measuring volumes depending on the amount of space you would like to clean.

4. For large area cleaning (up to 700 sq ft)
   a. Fill formula tank with warm tap water to the second water fill line.
   b. Then add formula to the second formula fill line.

5. Screw the cap back onto the clean water tank.

6. On the back of the machine, align clean water tank with the grooves and slide tank into place until you hear a click.

A few notes about filling the clean water tank:

- Fill with warm (140°F/60°C MAX) tap water and add the appropriate BISSELL solution. **DO NOT USE BOILING WATER. DO NOT HEAT WATER OR TANK IN MICROWAVE.**
Cleaning Your Hard Floors

1. Plug machine into a properly grounded outlet.

2. Select cleaning mode:
   To start cleaning your hard floors, turn the machine ON pressing the **HARD FLOOR** button. Once the setting is selected, the dry vacuum will turn on. To turn OFF, press the **HARD FLOOR** setting a second time.

3. Recline the body of the machine backward to start the brush roll spinning. To stop the brush roll spinning, you will need to stand the machine upright.

4. Before each use, hold the solution spray trigger for 10 seconds to prime the system with cleaning solution. LED lights illuminate when holding the trigger.
   **NOTE:** When solution is flowing, you will see bubbles forming at the edges of the brush roll window.

5. To clean, hold the solution spray trigger to apply solution on both forward and backward passes.

6. To dry hard floors faster, release the trigger and clean a second pass without dispensing solution.

**TIP:** When cleaning excessively dirty or muddy hard floors or if your brush roll looks dirty, use the Easy Clean Storage Tray to rinse your brush roll before cleaning your area rugs.

**TIP:** For overly challenging and stuck-on messes on your hard floors, activate the **RUG** mode and hold your CrossWave™ over the mess. Using short passes while holding the trigger allows the multi-surface brush to go to work.
Cleaning Area Rugs

NOTE: Before cleaning area rugs, test an inconspicuous area of the rug for colorfastness. Also, please check manufacturer’s tag before cleaning area rugs for any specialized cleaning instructions. Not for use on silk or delicate area rugs.

1. Plug machine into a properly grounded outlet.

2. **Select cleaning mode:**
   To start cleaning your rugs, turn the machine ON pressing the RUG button. Once the setting is selected, the dry vacuum will turn on. To turn OFF, press the RUG setting a second time.

3. Recline the body of the machine backward to start the brush roll spinning. To stop the brush roll spinning, you will need to stand the machine upright.

4. Before each use, hold the solution spray trigger for 10 seconds to prime the system with cleaning solution. LED lights illuminate when holding the trigger.
   **NOTE:** When solution is flowing, you will see bubbles forming at the edges of the brush roll window.

5. To clean, hold the solution spray trigger to apply solution on both forward and backward passes.

6. To dry area rugs faster, release the trigger and clean a second pass without dispensing solution.

**NOTE:** The RUG button dispenses twice the solution of the HARD FLOOR button to help with area rug cleaning.

**TIP:** For the most thorough clean, make 4 wet passes and 4 dry passes using overlapping strokes over each area you clean on your rugs.

**ATTENTION**
Do not over wet carpet. Be careful not to run over loose objects or edges of area rugs. Stalling the brush may result in premature belt failure.
Maintenance: Empty Dirty Water Tank

**WARNING**
To reduce the risk of fire, electric shock or injury, turn power OFF and disconnect plug from electrical outlet before performing maintenance or troubleshooting.

1. To release dirty water tank, press down on recessed button on the top of the dirty tank.
2. Grab the front handle while pressing down on button and pull dirty water tank away from the unit.
3. Grasp top of dirty water tank in recessed areas on each side of the filter and pull upward to remove the top of the tank.

**Did You Know?**
The Float is what prevents your dirty tank from overflowing. When your dirty tank is full, the float will shut off your suction motor creating a high pitched sound indicating it is time to empty your dirty water tank.

4. Pour dirty water and debris out. Rinse the inside of the dirty water tank.
5. Remove the filter from the top of the dirty water tank by pulling it up.
6. Hand wash the vacuum filter and screen with warm water and mild detergent.
7. Rinse the float located at the bottom of the top of the dirty water tank.

www.BISSELL.com
**WARNING**

To reduce the risk of fire, electric shock or injury, turn power OFF and disconnect plug from electrical outlet before performing maintenance or troubleshooting.

1. Angle the dirt tank back into body of machine inserting bottom first. Then tilt the top of the dirt tank toward the machine and push into place until you hear a click.
2. Once parts are dry, reassemble and replace the top of dirty water tank.
3. Place vacuum filter back into the top of the dirty water tank.
4. Leave parts out to dry before reassembling.

**NOTE:** Make sure to clean your dirty tank and let all components dry out after each use to keep your product at its best.
**WARNING**

To reduce the risk of fire, electric shock or injury, turn power OFF and disconnect plug from electrical outlet before performing maintenance or troubleshooting.

1. Grasp brush roll window at the front and pull upward to remove.

2. Pull brush roll out by grabbing the brush roll tab and pulling upward.

3. With warm water, rinse your brush roll window and brush roll.

4. If your brush roll chamber is dirty, clean with a rag or towel.

5. Let your brush roll and brush roll window chamber dry before reassembling.

**TIP:** Running your machine with a wet brush roll will help the brush roll dry faster. The trigger should not be pressed.

**NOTE:** The brush roll is not dishwasher or automatic washing machine safe. Please follow cleaning instructions.

6. Replace brush roll by inserting the brush roll end into the right side of the foot. Then lock the pull tab into place by pressing downward.

7. Replace the brush roll window by first lining up both brush window tabs with the edges of the foot. Then press the window back into place until you hear a click.
**Maintenance: Easy Clean Storage Tray**

**WARNING**
To reduce the risk of fire, electric shock or injury, turn power OFF and disconnect plug from electrical outlet before performing maintenance or troubleshooting.

1. Place unit on self-cleaning storage tray.
2. Pour water to the MAX line of the self-cleaning storage tray.
3. Turn the machine ON by pressing the Hard Floor button.
4. Recline the machine while in storage tray. Allow the machine to run for 10-15 seconds until all water is picked up. Repeat as needed.
5. Grasp brush roll window at the front of the window and pull upward to remove.
6. Pull brush roll out by grabbing the brush roll tab and pulling upward.
7. Place the brush roll upright in the Brush Roll Drying Tray to dry.
**WARNING**
To reduce the risk of fire, electric shock or injury, turn power OFF and disconnect plug from electrical outlet before performing maintenance or troubleshooting.

**8**
Replace brush roll by inserting the brush roll end into the right side of the foot. Then lock the pull tab into place by pressing downward.

**9**
Replace the brush roll window by first lining up the brush window tabs with the edges of the foot. Then press the window back into place until you hear a click.

**Machine Storage**
Put the unit away in a closet or basement until the next use. Store cleaner in a protected, dry area. Since this product uses water, it must not be stored where there is a danger of freezing. Freezing will damage internal components and will void the warranty.
## Troubleshooting

### WARNING

To reduce the risk of electric shock, turn power switch off and disconnect plug from electrical outlet before performing maintenance or troubleshooting checks.

Warranty

This warranty gives you specific legal rights, and you may also have other rights which may vary from state to state. If you need additional instruction regarding this warranty or have questions regarding what it may cover, please contact BISSELL Consumer Care by E-mail, telephone, or regular mail as described below.

**Limited Two-Year Warranty**

Subject to the *EXCEPTIONS AND EXCLUSIONS* identified below, upon receipt of the product BISSELL will repair or replace (with new or remanufactured components or products), at BISSELL’s option, free of charge from the date of purchase by the original purchaser, for two years any defective or malfunctioning part.

See information below on “If your BISSELL product should require service”.

This warranty applies to product used for personal, and not commercial or rental service. This warranty does not apply to fans or routine maintenance components such as filters, belts, or brushes. Damage or malfunction caused by negligence, abuse, neglect, unauthorized repair, or any other use not in accordance with the User's Guide is not covered.

BISSELL IS NOT LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE ASSOCIATED WITH THE USE OF THIS PRODUCT. BISSELL’S LIABILITY WILL NOT EXCEED THE PURCHASE PRICE OF THE PRODUCT.

*EXCEPTIONS AND EXCLUSIONS FROM THE TERMS OF THE LIMITED WARRANTY

**THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ANY OTHER WARRANTIES EITHER ORAL OR WRITTEN. ANY IMPLIED WARRANTIES WHICH MAY ARISE BY OPERATION OF LAW, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE THREE YEAR DURATION FROM THE DATE OF PURCHASE AS DESCRIBED ABOVE.**

Some states do not allow limitations on how long an implied warranty lasts so the above limitation may not apply to you.

**NOTE:** Please keep your original sales receipt. It provides proof of date of purchase in the event of a warranty claim.

Service

If your BISSELL product should require service:
