Stabilizer Bar for Waterproof Camera Housings

PLWPCSTA

Features & Benefits

Corrosion-free materials used throughout
Rock-solid camera control
Designed to work with Polaroid waterproof camera housings

PLTRI42

42" Travel Tripod

Features & Benefits

8 Section collapsible stainless steel legs with non slip rubber feet
Legs extend and easily twist clockwise into a locking position, counterclockwise to unlock
Extends to 42" and collapses to just 11"
Weighs about one pound; supports 2 pounds
Unique control handle does it all; panning, tilting, leveling, locking and unlocking
Horizontal or vertical camera mounting
Includes protective carrying pouch

PLTRI50

50" Inch Photo/Video Travel Tripod

Features & Benefits

Multi purpose locking pan head makes unit ideal for camcorder users as well
Weighs under 2 pounds and retracts to under 17 inches for anytime/anywhere portability
Locking braced center column
Scuff-proof rubber feet increases stability and traction on uneven surfaces
Three-section, fully adjustable "snaplock" legs lock height adjustments in place
Carrying case included

PLTRI57

57" Inch Photo/Video Travel Tripod

Features & Benefits

Ergonomically designed, built-in carrying handle plus no sweat foam grips
Exclusive double-bubble dual levels
Weighs about 2 pounds yet retracts to just 22 inches for anytime/anywhere portability
Locking braced center column with convenient hook & carrying handle
Multi purpose pan head ideal for camcorder users
Swivel-set rubber feet for spike-like traction & stability without damaging surfaces
Three section fully adjustable snap-lock legs with stay-set auto locking mechanism for easy height adjustments
Case included

PLTRI64

64" Inch Aluminum Tripod

Features & Benefits

64-Inch maximum working height. Extremely stable mounting system
Ultra smooth pan/tilt head. Quick-lock camera platform
Dual bubble levels for extra precision. Removable center column with weight hook
Weighs just 4.4-lbs; holds 7-lbs. Foam padded upper leg sections

PLTRIMON

67" "Combo" Professional Tripod With Built-In Removable Monopod

Features & Benefits

67" maximum working height, 53" monopod height
Extremely stable mounting system w/ ultra smooth ball head. Quick lock camera platform
Foam padded upper leg sections. Includes additional quick release plate
Solid rubber tipped legs with retractable spikes
Bubble level & compass
Includes deluxe carrying case

72" Inch Photo/Video Professional Tripod

● Black PLTRI72
● Silver PLTRI72S

Features & Benefits

Industrial grade materials and construction provide maximum stability and versatility in a variety of situations regardless of equipment
Ergonomically designed, built-in carrying handle plus no sweat foam grips
Dual bubble levels on both head and base for straight shooting in all situations
Extends to a full 6 feet yet weighs under 4 pounds and retracts to just 28 inches for anytime-anywhere portability
Additional quick release plate included for fast switching between cameras and equipment
Locking, braced center column features convenient carrying handle and accessory hook for added stabilization, metering equipment , digital recorders, etc.
Multi purpose pan head makes this ideal for video applications
Swivel-set rubber feet deliver spike-like traction & stability without damaging surfaces
Three section fully adjustable legs with stay-set auto locking mechanism for fast and easy height adjustments
Carrying case included

Tripod Case

PLTRC35

new

Features & Benefits

Durable nylon construction
Zippered closure
Accommodates a tripod with head up to 34" long
Zippered exterior pocket
Attached carrying handle and shoulder strap

65" VariPod

PLMONSTAND

Features & Benefits

2-in-1: monopod & tripod base can be used independently or together
Locking tripod feet with rubberized grip pads for enhanced stability
Monopod extends to 65"; tripod on its own lifts camera 4 inches
Base tilt angle, rotation & telescoping section locks for optimal positioning
Compact and lightweight for take anywhere convenience, yet extends to over 65"
Integrated removable wrist strap – shoulder/carrying bag included

72" Inch Camera/Camcorder Monopod

PLMON72

Features & Benefits

Perfect for situations when you need long exposures yet are short on space
High-density no-sweat foam grip for increased stability
4 section solid aluminum legs feature stay-set locking mechanism
Commercial-grade rubber tip with retractable spike
Compact and lightweight for take-anywhere convenience yet extends to 72" for optimal versatility
Standard tripod mount accepts virtually all cameras, camcorders, slave lights, remote devices and boom mics

65" Carbon Fiber Monopod

PLMONC

Features & Benefits

100% carbon fiber tube design is 50% lighter than metal, yet every bit as rigid & durable
5 section Locking tripod feet engineered for easy precise setting
Compact and lightweight for take any where convenience, yet extends to 65"
Solid rubber tipped legs with retractable spikes
High density no sweat foam grip
Standard tripod mount accepts virtually all cameras, camcorders, slave lights, remote devices, etc.

65" PLTRIC
75" PLTRIC75

65" & 75" Carbon Fiber Tripod with Ball Head

Features & Benefits

100% carbon fiber tube design is 50% lighter than metal, yet every bit as rigid & durable
Includes fully articulating ball-head with removable plate
Multi section stay set flip lock legs engineered for easy precise setting
Unique internal gasket design prevents dirt & grit from getting into leg sections
Individually adjustable spider leg construction
Enables shooting close-ups or on uneven terrain easy
Solid rubber tipped legs with retractable spikes
Locking center column with accessory hook for added stability
Padded case included

PLTRICT

Pro Series Carbon Fiber Travel Tripod With Removable Ball head

Features & Benefits

100% carbon fiber tube design is 50% lighter than metal, yet every bit as rigid & durable
Make shooting close ups or on uneven terrain easy
Includes fully articulating ball head with removable plate
5 section stay set twist lock legs engineered for easy precise setting
Unique internal gasket design prevents dirt & grit from getting into leg sections
Extends to over 55" yet compacts to just 12.5"
Designed for the traveler on the go
Individually adjustable spider leg design
Solid rubber tipped legs
Locking center column with accessory hook for added stability
Weighs under 3 pounds yet easily holds up to 20 pounds
Includes a travel tripod carrying case

PLTRI8

8" Tripod

Features & Benefits

Provides support and stability for cameras, webcams, imaging devices, etc.
Mini ball-head delivers 360° pan and 90° tilt.
3 section, rubber-tipped legs extend from 5" to 8".

Blue PLTRIGMBL
Red PLTRIGMR

12"Flexible Tripod

Features & Benefits

8 section collapsible stainless steel legs with non slip rubber feet
Legs extend and easily twist clockwise into a locking position, counterclockwise to unlock
Extends to 42" and collapses to just 11"
Weighs just one pound; supports 2 pounds
Unique control handle does it all: pan, tilt, level, lock and unlock
Horizontal or vertical camera mounting
Includes protective carrying pouch

PLTRIMINI

Flexible Mini Tabletop Tripod

Features & Benefits

Compact 5 inch length and convenient pocket clip make it the ideal "take anywhere" solution
Universal tripod mount fits virtually all compact cameras as well as flash units, microphones, digital recorders and webcams

Snap and Wrap Flexi Tripod with 360° Rotating Ball Head

PLTRISWP

Features & Benefits

Medium sized pro-grade tripod; approximately 12" tall when folded
3 independently flexible legs feature perpendicular, free-moving step joints
Super grippy rubber rings hold onto poles/rods, countertops, shelves & more
Balled rubberized feet for enhanced image stability in any shooting position
Freely rotating, lockable ball head; rubber pad-covered camera platform

Camera Extender/Self Portrait Handheld Monopod With Mirror

PLMONMR

Features & Benefits

Works with all compact point and shoot digital cameras weighing up to one pound with a self-timer and tripod socket
Collapses down to 8 inches and extends to 37 inches
Multi-position ball head with stabilizing lock
See camera's display screen via included mirror

Bluetooth Camera Extender/Self-Portrait Handheld Monopod

PLMONBT

Features & Benefits

Designed for both the pro photographer & the selfie-lover
Built-in Bluetooth lets you remote control the shutter from the monopod
Adds 40" of reach for virtually all camera devices
Compact & lightweight for take-anywhere convenience
Features standard tripod mount & detachable phone clip
Designed with a micro-USB charging port

Pistol Grip Tripod / Hand Pod

PLTRIG

Features & Benefits

Standard tripod screw accepts standard photo/video products
Ergonomically designed grip decreases jitter when shooting video
Combines the stability of a pistol grip with the convenience of a pocket sized tripod
Locking tripod head with 110° of articulation
Table-top feature great for cameras, camcorders, microphones etc.

Shoe Mount Tripod Adapter

PLTRIAD

Features & Benefits

This adapter allows devices with standard 1/4"-20 screw hole to be installed on a flash hot shoe slot
It can be used as a monitor bracket or mounting LEDs, microphones or anything else that has a 1/4-20 receptacle
Made out of sturdy pro grade materials

Action Mount with Ball Head

PLTRIBM

Features & Benefits

Attaches to bicycle and motorcycle handlebars
Rubberized feet swing out for handlebar protection
Adjusts camera horizontally and vertically
Dual straps secure it in place

PLABL2
Canon/Nikon
PLABL2SY
Sony/Minolta

Hot Shoe Two Axis Double Bubble Spirit Level

Features & Benefits
Spirit level / bubble level for camera's hot shoe
Easily identify if your camera is set up level on a tripod
Beautiful crystal clear housing slips on a camera shoe mount or tripod thread

PLABL3
Canon/Nikon
PLABL3SY
Sony/Minolta

Hot Shoe Three Axis Triple Bubble Spirit Level

Features & Benefits
Spirit level / bubble level for camera's hot shoe
Easily identify if your camera is set up level on a tripod
3 Axis = precise leveling

3" diagonal
LCD screen

PLLCDGC3

3" Camera LCD Glass Screen Protective Cover For Digital SLR's

Features & Benefits
Waterproof, corrosion-proof, dust-proof, scratch proof, fingerprint-proof glass
UV treated so it blocks UV rays while allowing 95% visible light transmission so the images you see are not affected
It is easily mounted to your camera's LCD screen with an adhesive backing

PLSP

Universal LCD Screen Protector

Features & Benefits
Great for digital cameras, video camcorders, cell phones, GPS devices, handheld games, and more
8:6 format: 1.7", 1.8", 2.0", 2.2", 2.5", 2.8", 3.0", 3.5", 4.0"
16:9 format: 2.4", 2.7", 3.5"

PLFRF

Zoom/Focus Assist Handle

Features & Benefits
Easy on - Easy off
One-finger operation
Use for zooming or focusing

PLBWB

Reflective Foreground Panels

Features & Benefits
Photograph small products with a reflective flair
One white, one black panel
Includes four magnetic feet

PLLCDSS3

3" Screen Shade

Features & Benefits
Fits most point-and-shoot-cameras with 3" Viewing Screens
Attaches with pressure-sensitive adhesive
Greatly reduces the amount light that reaches the camera's viewing screen
Colors look more vibrant
Can be removed and reattached quickly

Pro Video Condenser Shotgun Microphone

PLMICPRO

Features & Benefits
Electret condenser technology: sensitive to low volume sources
Slide shoe mounting with wheel lock
Lithium battery provides longer use
Cardioid pickup pattern diminishes sound from behind
User selectable pickup angles choose either 90° or 120°
Battery level monitor
Windscreen included; great indoors and out
Lightweight

Shotgun Microphone

PLMICPRO18

Features & Benefits
Electret condenser technology: sensitive to low volume sources
Shock mount included so no extra unwanted noises due to microphone movements
Includes spare shock mount elastic bands
Narrow cardioid pickup pattern diminishes sound from behind
Extremely lightweight
Windscreen included; great indoors and out

Wireless Microphone System For SLR Cameras & Camcorders

PLMICW

Features & Benefits
Operates at 2.4GHz for maximum distance, stability and least battery drain
Two-way communication, but only sound from transmitter can be recorded
You can adjust the volume through VOL+ and VOL- volume control
The lapel clip on transmitter makes it easy to carry
Operating range up to 200 feet

Omni-Directional Condenser Lavalier Microphone

PLMICL

Features & Benefits
For SLR Cameras, GoPro® Action Cameras & Camcorders
Omni directional condenser lavalier microphone
Accurate voice reproduction and an omni pickup pattern that provides full coverage
Electret condenser technology: sensitive to low volume sources
High-quality lightweight mic is ideal for all video use
Integrated 4' cable with 3.5mm mini-plug for use with most cameras and camcorders
3.5mm - mini USB adapter is included for use with a GoPro Hero 3+, 3, 2 camera
Mounting clip included for securing microphone to clothing or any material
Foam windscreen included; great for indoors and out

Professional Dual Stereo XY Condenser Microphone

PLMICDS

Features & Benefits
High-quality pro stereo microphone
Designed for use with DSLR cameras & camcorders
Adjustable recording pattern from 90° or 120°
Compact, lightweight design
Two-step high pass filter
Adjusted sound attenuation (-10dB,0dB)
Adjustable recording level
3.5mm headphone and line-output
Use the fur windscreen to cut down on wind noise pickup
Integrated shock mount and shoe mount which has a threaded ¼"-20 socket allowing for off camera mounting

Microphone Shock Mount with Dual-Mount Design

PLSTAMIC

Features & Benefits
Simple, yet highly efficient design
Accommodates tubular microphone bodies up to 1-inch in diameter
Mounts two ways: Slide it into a camera's hot-shoe or thread it on to a microphone stand
Extra suspension bands included
Can be aimed both horizontally and vertically

Flash Diffuser - Hard Plastic

Features & Benefits

Instantly eliminates uneven harsh lighting and "hot spots" caused by most flash units.
Special formulation ensures even diffusion regardless of shooting situation.
Precision engineered to snap on & off flash head with ease.

PLDIFSB
large PLDIFSBL

Soft Box Flash Diffuser

Features & Benefits

Held in place with built-in elastic band, attaches in seconds
One size fits all flashes
Creates soft, diffused light
Silver interior lining that increases contrast
Softens shadows
Can be used without the diffuser front for a bare bulb effect
Folds flat to conveniently fit in your gear bag

Universal Cloth Flash Diffuser

PLDIFCLOTH

Features & Benefits

Held in place with built-in elastic band, attaches In seconds
One size fits all
Creates soft, diffused light
Reflective cloth interior
Softens shadows
Use flash in vertical or horizontal position
Folds flat to conveniently fit in your gear bag

Beauty Dish Diffuser & Accessories

PLDIFBD
PLDIFBDACC

Features & Benefits

Beauty Dish Diffuser
6-inch dish creates soft light for portraits
Includes three interchangeable reflectors
Attaches easily to most top-mounted flashguns

Beauty Dish Diffuser Accessories
Add color to any scene
Includes 3 colored filters, 1 neutral density filter, 3 honeycomb screens
Tool less installation and removal

Universal Octagon Flash Diffuser

PLDIFSBOCT

Features & Benefits

Lightweight and folds flat
Friction mount with elastic hook & loop strap
Silver foil-like interior with additional diffuser cloth
Fits hot-shoe-mounted flash guns up to two inches wide
Includes zippered storage case

Universal Gel Softbox Diffuser

PLDIFSBGEL

Features & Benefits

Provides soft, diffused light
Quick-mount hook-n-loop system
Fits most flash units
Includes 6 colored gels for special effects illumination

Universal Snoot Diffuser

PLDIFSNT

Features & Benefits

One size fits most external flash units
Easy on and off with included clinch band
Accents a portion of a picture with soft light
Super lightweight

Color Cloth Flash Diffusers

PLDIFCLOTHCLR

Features & Benefits

Held in place with built-in elastic band, attaches in seconds - one size fits all
4 color diffusers included for maximum effect
(soft white, royal blue, rich red, warming)
Creates soft, diffused light - softens shadows
Use flash in vert. or horiz. position
Folds flat to conveniently fit in your gear bag

PLCVL18

Video Light

Features & Benefits

Eliminates dim, grainy videos caused by insufficient lighting
3-watt white bulb and reflector produce evenly balanced lighting
Use during daytime shoots for enhanced color and detail
Can also be used with digital still cameras that feature video mode
Includes AC adapter and 2 AAA rechargeable batteries

5500-6500k PLMRL

Universal Macro Ring Light-48 LED

Features & Benefits

Cool even lighting
Selectable light output - choose 24 or 48 LEDs
Shoot as close to 1 inch
Uses 3V power adapter or 2 AA (batteries not included)
6 Adapter rings included (49mm, 52mm, 55mm, 58mm, 62mm, 67mm)
48 LED - 5500k-6500k

PLMRFN Nikon
5500k PLMRFC Canon

LED Macro Ring Flash & Light For Nikon or Canon

Features & Benefits

Soft shadow free lighting
32 LEDs at 5500k
Light mode - constant on
Flash mode: all 32 LEDs, left 16 LEDs, right 16 LEDs
Couldn't be easier - attach, turn on, shoot

PLMRFU
3000°K - 15000°k PLMRFS Sony

Macro LED Ring Flash

Features & Benefits

Includes 8 lens adapter rings (49, 52, 55, 58, 62, 67, 72, 77mm)
Powered by readily available AA batteries (not included)
Choose from clear, yellow, blue or milk white diffusers
Power-saving display screen

PLMRFUP
3000°K - 15000°k PLMRFSP Sony

Super Bright Macro SMD LED Ring Flash & Light

Features & Benefits

18 super bright SMD LED beads
Guide number (GN): 21
Soft, shadow free lighting
Wide color temperature: 3000K-15000K (with color diffusers)
Choose from clear, milk, warm, blue diffusers
Choose between flash or constant light modes
3 flash modes – (A) all LEDs, (B) left 9 LEDs, (C) right 9 LEDs
Tripod mount on LED
Power saving LCD screen
Seven brightness levels
Includes 8 mounting rings (49, 52, 55, 58, 62, 67, 72, 77mm)
Powered by AA batteries (not included)

16 LED Ring Light

5500°k PLMRL16

Features & Benefits

Fits 7 lens filter thread sizes
16 cool-running LEDs
Color temperature of 5500°K
Battery-driven, no cords

10 LED Hi-Powered Video Light (6500k)

5800-6500k PLLED10

Features & Benefits

Professional, highly powerful light source, up to 6500k (350 Lux)
80° beam spread
Power dissipation 15W
Barn doors with diffuser and warming filter
Adjustable dimmer knob
Includes European plug adapter

Mini Rechargeable LED Light Bar

5500k PLLED18

Features & Benefits

36 LEDs, daylight-type lighting
Compact enough to take anywhere
Designed for use with cameras & camcorders
Special diffuser glass ensures even, light dispersion
Built in rechargeable batteries + AC charger, video bracket included
3 integrate "accessory shoes" let you build a wall of light by combining multiple units

36 Bulb LED Infra Red Light Bar

5500k PLLED36

Features & Benefits

Shoot in total darkness thanks to IR LEDs
Intended for IR compatible camcorders
Special diffuser lens ensures even light dispersion
Integrated shoe / tripod mount for easy mounting on or off camera
3 accessory shoes lets you build a wall of light by combining multiple units
Features built-in rechargeable batteries
Compact enough to take anywhere yet powerful enough to provide IR illumination up to 20-30 feet

32-LED Video Light

5200k PLLED32

Features & Benefits

Ultra lightweight
Integrated lithium polymer battery
Micro USB charging cable
Compatible with cameras, cellphones, and tablets

5500k PLLED102

102 LED Dimmable Light

Features & Benefits

Pro grade super bright 102 LEDs
Brightness dimmer control
Mount it on a camera shoe mount with the swivel mounting head
A unique mounting system allows it to be attached easily to most flashes
Lightweight and stackable
Use with still cameras and camcorders
Uses 5 AA batteries (not included)

5600k PLLED144

144 Ultra High Powered Super Bright LED Camera / Camcorder Video Light With Variable Color Temp.

Features & Benefits

Pro grade 144 super bright LEDs
2 Separate control knobs, 1) variable color temperature control (3200k-5600k), 2) brightness dimmer control (10%-100%)
Lightweight and stackable
Use with still cameras and camcorders
Built in battery level indicator

new

6000k PLLED160ET

Elite Series Professional 160 LED Video Light

Features & Benefits

High quality video LED light produces powerful 900 lux/m illumination for professional projects
60 LED bulb design achieves optimal balance and light diffusion for clear, crisp HD imaging
Broad 60° coverage
Adjustable temperature and brightness for stunning clarity in every shot
Includes 1 high power lithium-ion battery and rapid charger; also runs on 5 alkaline batteries
Includes white and yellow diffuser plates, compatible with Sony F550/ F650

256 Bulb LED Light Panel

5800-6000k PLLED256

Features & Benefits

LED light with 256 high-powered LED's (5800-6000k temperature)
Adjustable stepless dimmer for 0-100% brightness total control
Light runs on: 7.2V li-ion battery (included) or ac power supply (included),
includes charger for battery
Includes 2 diffusers/filters: warming & soft
Includes swivel bounce hot-shoe / tripod mount

312 High Powered Variable Dimmable Super Bright LED

3200-5600k PLLED312

Features & Benefits

312 Super-bright LEDs
Two Separate Control Knobs
* Variable color temperature control, 3200K-5600K
* Brightness Dimmer Control (10%-100%)
Lightweight and stackable
Use with still picture cameras and camcorders
Uses power-proven lithium ion batteries
* Can accept 2 lithium batteries at one time
Built-in battery level indicator

LED-500 Studio Light

3000-5900k PLLED500

Features & Benefits

512 cool-running LEDs
Separate dimmers for 3000K and 5900K LEDs
For use with video and DSLR cameras
Inexpensive to operate at just 42 watts
Includes AC adapter and battery receptacle (batteries not included)

new

5500k PLLED600

LED Photo Studio Color Box

Features & Benefits

LED photo studio helps photographers achieve pro-grade light, color and clarity
Advanced features include LCD display & silent, comfortable, easy-press buttons
Powerful LED-driving IC delivers maximum brightness & as much as 93% efficiency
Infrared remote control & attachable hand grip eliminate need to walk to & fro
Versatile studio connects to other photo boxes; operates on tripod or handheld

3000-5900k PLLED1000

LED-1000 Studio Light

Features & Benefits

1008 cool-running LEDs
Separate dimmers for 3000K and 5900K LEDs
For use with video and DSLR cameras
Inexpensive to operate at just 85 watts
Includes AC adapter and battery receptacles (batteries not included)

5600k PLBS

BrightSaber

Features & Benefits

Professional handheld/mountable LED lighting wand with removable tungsten filter sleeve
Array of 298 powerful, efficient, low-heat, 5600k LED bulbs rated at >50,000 hours
Intelligently integrated wraparound + removable tungsten filter tube ensures perfect lighting balance
Professional-grade LED lamp driver chip enhances consistency & lighting stability also provides up to 93% better efficiency
Ergonomically designed, 1.7" diameter multi-purpose grip provides maximum comfort during handheld use & has built-in threaded tripod mount for studio setups
Includes infrared lamp & camera shutter temote; rechargeable battery pack

BrightSaber Pro

5600k PLBSP

Features & Benefits

Array of 298 powerful, efficient, low-heat, 5600k LED bulbs rated at >50,000 hours
Intelligently integrated, freely rotating, tubular tungsten filter In wraparound design which ensures perfect lighting balance
Professional-grade LED lamp driver chip enhances consistency & lighting stability also provides up to 93% better efficiency
Ergonomically designed, 1.7" diameter multi-purpose grip provides maximum comfort during handheld use & has built-in threaded tripod mount for studio setups
Includes infrared lamp & camera shutter remote; rechargeable battery pack

BrightSaber Travel Portable Light Wand

5500k PLBSTRA

new

Features & Benefits

98 high-powered LEDs deliver maximum illumination and instant-on
10 power settings provide perfect control of light output with incomparable precision
4 included color filters enable you to achieve exact color temperatures for all your shots
Easy disassembly into storable pieces makes this an ideal light wand to bring on the road
50,000 hour LED life means amazing, perfectly lit photos and video for years to come

PLTRIDOL

Tripod Dolly

Features & Benefits

Adjust to fit most tripods. • Fast, easy setup and take down
Foot operated wheel locks. • Convenient carry handle
Lightweight aluminum construction
Steadier shots with still cameras & camcorders
Includes carrying case

PLSEISRARM11

11" Articulating Arm

Features & Benefits

Greatest mounting flexibility
Single point locking mechanism
Fits on any standard shoe mount

PLSTATT

Rolling Mini Dolly Stabilization System

Features & Benefits

Heavy-duty aluminum platform
Camera-protecting pads
Four 1/4-20 threaded holes for optional accessories
Accepts 1/4-20 and 3/8-16 camera equipment
Adjustable-length telescoping handle
Adjustable and lockable steering wheels for true

PLLEDBR

Video Bracket

Features & Benefits

Unique design adds stability to all kinds of video cameras from HD-SLRs to mini-digital
Angled lighting shoe ensures even, natural illumination
Molded grip is ergonomically designed to add stability
Lightweight construction and compact footprint for easy portability
With 2 shoe mounts

Flip Mount PLBR18
Dual Folding PLBR36

Flip Mount Bracket / Dual Folding Bracket

Features & Benefits

Eliminates red-eye & harsh shadows
Unique "flip" arm allows for multiple flash positions & dramatic lighting effects
Foam comfort grip + ergonomic design ensures fatigue-free use
Durable all metal construction

PLLEDSW

Bounce Swivel Shoe Mount

Features & Benefits

Combines 180 degrees front to back tilt with full 360 degrees rotation to turn virtually any lighting source into a lighting studio
Standard shoe mount
Designed to accept all standard flash units and video lights
Built in tripod thread for use with remote lights and slaves
Large molded locking screws keep lights in place

24-Inch Rail Track Slider Video Stabilization System For SLR Cameras and Camcorders

24" PLSL24
47" PLSL47

Features & Benefits

High quality black anodized smooth linear rail system
Black anodized slider carrier with bubble level
Compound friction bearings for low noise tracking
Adjustable feet for leveling

O - Ring Shaped Dual Bracket With 2 Standard Shoe Mounts

PLBRO

Features & Benefits

Adjustable length camera mount
Nearly 180° of flash
Adjustment use with or without your tripod
Puts more light in more places it is great for macro (close up) photography

V - Shaped Bracket

PLBRV

Features & Benefits

Constructed of lightweight solid aluminum
Attaches easily to any cameras or camcorders shoe mount 1/4" thread attachment allows you to mount it on standard light stands & tripods
Features 2 standard shoe mounts. Provides 2 accessory shoes

Sure-GRIP Professional Camera / Camcorder Action Stabilizing Handle Mount For Canon

PLSTA

Features & Benefits

Fits most compact cameras and camcorders with a standard ¼-20 thread
Designed with a sure-grip cushioned padded handle to alleviate the
Stress of lengthy filming
High-grade abs impact-absorbent plastic
Shoe mount (removable) for video lights, flashes, or microphones
Variable position camera mount
Easy, simple and fun to use

Multi Purpose Lighting Bracket

PLLEDBRBH

Features & Benefits

Designed for ultra-compact digital camcorders and conventional camcorders/cameras
Angled lighting shoe ensures even lighting
Ergonomically designed molded grip
Two mounting systems:
- Swivel ball head with standard 1/4-20 threaded mount
- Side-mounted accessory shoe
Lightweight construction for easy portability
Attach video lights, flash guns, microphones, video monitors

PLVM

Video Shoulder Mount

Features & Benefits

Dual-braced design provides hands free stability even when shooting action
Thick padded foam contact points for comfort, even during long shoots
Adjustable mount braces against shoulder and chest for smooth, jitter-free results

PLSTA10

Video Stabilizer for GoPro® Action Cameras, Smartphones, Small SLRs & Camcorders

Features & Benefits

Provides smooth & accurate stability and reduces camera vibration during video recording
Lightweight aluminum alloy and steel construction
Rubberized non-slip mounting surface
Built-in bubble level for precise balancing
Comfortable foam-covered hand grip
Includes three steel counterweights
Includes: universal phone holder and GoPro® action camera mount

PLSTA18

Video Chest Stabilizer Support System For DSLR Cameras & Camcorders

Features & Benefits

8 adjustment clamps to personalize users comfort zone
Simple to use, sets up in seconds
Provides stable, one handed camera / camcorder support
Heavy duty aluminum construction
Shoulder brace reduces camera shake and vibrations
Smoother panning and tilting for videographers
Lightweight, portable and supports up to 20 lbs.

PLSTA20

Camera & Camcorder Dual-Grip Chest Stabilizer

Features & Benefits

High-quality, lightweight aluminum construction
Industry standard 15mm rod system
Dual hand grips
Easy push-button camera removal

PLPG

Power Handgrip For GoPro Cameras & Digital Cameras

Features & Benefits

Rechargeable 6,000mah battery in handle delivers power to your device
Comfortable & ergonomic handgrip enhances stability for video capture
Included camera mount adapter & camera protective case compatible with GoPro Hero 3/3+/4 cameras
¼"-20 tripod threaded mount is also included for easy mounting
Micro USB & mini USB cables included to accommodate range of devices and adjustable wrist strap for easy carrying
Can be mounted on tripod or stand via the built-in ¼"-20 threaded hole

PLMFZR

Motorized Follow Focus & Zoom Control Shoulder Rig for DSLR Cameras

Features & Benefits

Unique battery-powered drive system delivers precise focus & zoom controls
Integrated thumb switches offer full lens control while you maintain firm grip
Smooth, seamless speed variables keep video footage sharp & shake-free
3 sets of gears accommodate most lens sizes w/70-96mm outer diameters
Rechargeable battery, plug-in charger & assembly instruction CD included

Steady Stabilizer System

PLSTA72

Features & Benefits

Lightweight aluminum construction
Supports cameras up to 2.1 pounds
Spirit level and thumb stabilizer
Multi-position counterweight
Unique gimbal system for smooth camera motion
Works with camcorders, DSLRs, and compact digital cameras

Professional Camera Stabilizer

PLSTA72P

Features & Benefits

Super-smooth gimbal
Built-in spirit level
Includes main counterweight and three add-on weights
Comfortable hand grip
Two-way adjustable mounting plate for precise balancing

Professional Stabilizer System

PLSTA96

Features & Benefits

High-quality, lightweight aluminum construction
Industry standard 15mm rod system
Dual hand grips
Built-in mounting capability for optional accessories

Matte Box

PLSTA96MB

Features & Benefits

Easy to use
Attaches to industry standard 15mm rod systems
Designed with vertical adjustment slot

Follow Focus

PLSTA96FF

Features & Benefits

High-quality, lightweight aluminum construction
Attaches to industry standard 15mm rod systems
Slip-free accurate movement
Includes adapter for gearless lenses

Handheld 3-Axis Electronic Gimbal Stabilizer for GoPro Hero 3/3+/4 Action Cameras

PLHGGP

Features & Benefits

Electronic 3-axis gimbal stabilizes GoPro cameras in real time for sharp footage
Super-smooth panning & tilting motions eliminate unwanted vibrations
3 rechargeable lithium polymer batteries & plug charger are included
Supports GoPro Hero cameras with and without an LCD BacPac
Lightweight for easy use & transport
Included mounting ring & screw make installation quick, easy & secure
Weighs just 11.43 ounces (13.76 w/batteries); measures 9.25" x 3.94" x 3.5"

PLRRC5 Canon
PLRMLL3 Nikon

Wireless Trigger Remote

Features & Benefits

15 Foot range
Sophisticated IR technology for instantaneous response
Great for time-exposures or other situations that may cause camera shake

PLSCC Canon
PLSCN Nikon
PLSCS Sony
PLSCPE Pentax
PLSCOP Olym/Pana

Hot Shoe Cord

Features & Benefits

Extends on all camera flash functions including TTL
Ideal for use with brackets, light stands etc.
Great for eliminating red eye & creating dramatic lighting effects
Heavy-duty coiled cable

PLRTC Canon
PLRTC18 Canon
PLRTN Nikon

Remote Cord with Interval Timer

Features & Benefits

Set timer delays & intervals
Backlit LCD display
Take photos without camera shake
Great for time-lapse recording
Set number of shots/unlimited shooting

PLR2WC Canon
PLR2WN Nikon

Wireless Flash Triggers

Features & Benefits

2.4GHz range up to 300-ft
Wirelessly synchronize multiple flash strobes
99 channels for interference-free operation

PLRRC6 Canon

RC-6 Wireless Remote Shutter Release

Features & Benefits

Wireless camera operation — trigger the cameras shutter release remotely from a distance
Eliminates vibrations caused by physically pressing the shutter release
Operating range- up to 16 ft
Replacement Canon RC-5 & RC-6
Runs on one CR2032 lithium button battery (included)

PLRWC Canon
PLRWN Nikon

Wireless Camera Shutter Remote Control

Features & Benefits

Includes receiver, handheld transmitter & connector
Remote enables flexible photography control from a distance
3 shooting modes: single shot, continuous shooting, 3-sec. delay
Highly reliable built-in antenna with range of 100m (330')
Both receiver & transmitter may also be used as wired controllers
Includes 1 CR2 battery (receiver) & 2 AAA batteries (transmitter)

PLR2WC Canon
PLR2WN Nikon

2.4 GHz Wireless Timer Remote Control

Features & Benefits

Operates wirelessly at 2.4GHz for maximum distance (up to 300 ft. with no interference), stability and least battery drain
Both receiver & transmitter may also be used as wired controllers
Set timer delays, intervals, exposure time, number of shots/unlimited shooting
Time exposures with countdown clock
Great for time-lapse recording
Manual shutter release
Backlit LCD display

PLSD

SelfieDisc Enhanced IR Remote Shutter Release

Features & Benefits

Quarter-sized, IR-based remote shutter remotely snaps photos, starts/stops video recording
App-based controller, enhances remote shutter's RC capabilities by adding, timer/delay, intervalometer (for time-lapse, animation, etc.) and other effects as app controls the remote shutter via Bluetooth
Includes FREE protective silicon bumper case, button cell battery & camera hanging strap

Camera Battery Grip

Features & Benefits

Attaches through cameras tripod mount and battery compartment, durable rubberized surface improves grip & handling
Intuitive placement of key camera controls makes portrait shooting as easy as landscape shooting
Can also be used with standard AA batteries thanks to included speedloader

PLGR18D40 Nikon
PLGR18D3100 Nikon

Camera Battery Grip

Features & Benefits

Attaches through cameras tripod mount and battery compartment, durable rubberized surface improves grip & handling
Intuitive placement of key camera controls makes portrait shooting as easy as landscape shooting
Effectively doubles your shooting time
Vertical fire release

PLGR18T3 CanonT3/1100D

Camera Battery Grip

Features & Benefits

Attaches through cameras tripod mount and battery compartment, durable rubberized surface improves grip & handling
Intuitive placement of key camera controls makes portrait shooting as easy as landscape shooting
Effectively doubles your shooting time
Vertical fire release

3 Piece Multi-Coated Filter Kit

KIT 1: UV, CPL, FLD

UV Protective Filter
Prevents loss of sharpness and contrast by filtering out UV rays. Protects lens from scratches, scuffs and smudges

CPL Circular Polarizer Filter
Uses polarization to give you total "on-location" control of color saturation. Makes skies bluer and grass greener and eliminates surface reflections from glass and water—all with picture perfect results

FLD Fluorescent Filter
Eliminates that annoying greenish "tinge" that fluorescent lights add to photos

KIT 2: UV, CPL, ND9

UV Protective Filter
Prevents loss of sharpness and contrast by filtering out UV rays. Protects lens from scratches, scuffs and smudges

CPL Circular Polarizer Filter
Uses polarization to give you total "on-location" control of color saturation. Makes skies bluer and grass greener and eliminates surface reflections from glass and water—all with picture perfect results

Neutral Density9 Filter
ND9 filter has a 0.9 solid optical density that increases exposure length

4 Piece Multi Coated Filter Kit

Features & Benefits

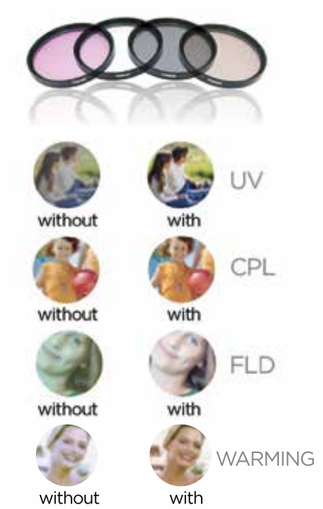

UV Protective Filter
Prevents loss of sharpness and contrast by filtering out UV rays and "haze." Protects lens from scratches, scuffs and smudges

CPL Circular Polarizer Filter
Uses polarization to give you total "on-location" control of color saturation
Makes skies bluer and grass greener—even eliminates surface reflections from glass and water—all with picture perfect results

FLD Fluorescent Filter
Eliminates that annoying greenish "tinge" that fluorescent lights add to photos

Warming Filter
When it comes to turning a drab dusk into a stunning sunset or turning subtle skin tones into striking skin tones, this is the filter you will need

PLGPFILKIT

Professional Push-On HD MC Filters For GoPro Hero 3/3+/4 Cameras

Features & Benefits

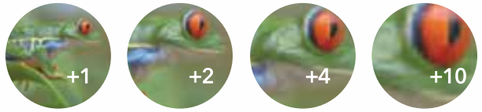

Compatible with GoPro Hero 3/3+/4 cameras (when outside of housing)
Easy push-on installation and removal
HD multi coated & scratch resistant filters
Lightweight for use with most gimbals & quadcopters/drones
Included frame mount for GoPro cameras allows use of GoPro cameras
Without housing and has access to all ports
The protective filter pouch keeps all your filters secured and ready for travel
Includes: sturdy frame mount, HD MC UV filter, HD MC CPL filter, HD MC ND9 filter
HD MD 4x star filter, lens cover, protective filter pouch

Close-Up Lens Kit

Features & Benefits

Decreases the minimum focusing distance of virtually any lens to macro Levels
Includes +1, +2, +4 & +10 diopter filter & ballistic nylon filter wallet
"Dual Thread" design makes it easy to combine close-up lens filters to create "Extreme-Macro" effect and/or add other optics, e.g.: polarizing, UV and warming filters
Premium grade optical glass ensures retention of detail
Durable ballistic nylon filter wallet included
